

NAIFA DINNER MEETING

DATE: NOV. 14, 2007
TIMES: 5:00 SOCIAL TIME
6:00 DINNER / MEETING
WHERE: THE OTHER PLACE @ DOBSON
RANCH INN, 1644 S. DOBSON RD.
MESA, AZ

SPEAKER / TOPIC: Ms. MIMI DIAZ

Ms. Diaz has been serving as the Phx. Branch Chief of the Arizona Geological Survey (AZGS) since its inception, March 2007. In addition to mapping earth fissures, she provides fissure education sessions to state and local jurisdictions and trade associations, and is a member of the Earth Fissure Advisory Group and the Arizona Land Subsidence Group. Ms. Diaz also serves as the liaison for the Survey, fostering and building relationships across the state. Prior to working for the Survey, she worked for the Arizona Division of Emergency Management (ADEM) in the Mitigation Office. Mimi continues to work closely with ADEM and the Arizona Department of Real Estate, bringing the geological expertise of AZGS into the mitigation planning, hazard analysis, and real estate disclosure processes. She has been involved in various aspects of the natural hazards realm (public safety, emergency management, geology) for the last fourteen years, including specific projects dealing with sinkholes, wildfires, flooding, landslides, earthquakes, and earth fissures. Mimi earned her MS in Geology from Arizona State University, and her BS in Geology from Central Missouri State University.

We will have a great opportunity to share information, & also share the evening with professionals in our industry.

A person that RSVP's to our dinner and does not show up will be billed for the dinner. A person that does not RSVP will not be guaranteed a reservation.

RSVP DEADLINE NOV. 12, 2007

ANN SUSKO asusko@cox.net Entrées will be ordered at the dinner.
