

AZGS at AGU – 15 -19 Dec. 2014

San Francisco, California

AZGS staff are involved in oral presentations, posters, workshops and exhibit booths at AGU's fall conference, 15 – 19 December 2014. Please drop by one of our sessions or booths to learn more about open data, the National Geothermal Data System, EarthCube, USGIN or the Arizona Geological Survey.

We'll see you in San Francisco.

Exhibit Booths

EarthCube Exhibit Booth - #2315 (<http://earthcube.org/>)

USGIN Exhibit Booth - #2313 (<http://usgin.org/>)

Schedule

Lee Allison, panelist, "Union AGU-EGU Great Debate: Open Data Policies Questions," American Geophysical Union Fall Meeting, San Francisco, CA, December 15, 2014

Matthew Harrison, Marko Komac, Tim Duffy, Francois Robida, and Lee Allison (presenter) "OneGeology: Providing Global Open Access to Geoscience Data," [poster] American Geophysical Union Fall Meeting, San Francisco, CA, December 15, 2014

Lee Allison et al, "E-Infrastructure and Data Management for Global Change Research" American Geophysical Union Fall Meeting, San Francisco, CA, December 16, 2014

Christy Caudill, Steven M. Richard, Leah Musil, Adrian Sonnenschein, and Jessica Good, "National Geothermal Data System: Open Access to Geoscience Data, Maps, and Documents," [poster] American Geophysical Union Fall Meeting, San Francisco, CA, December 16, 2014

Lee Allison, Stephen Richard, and Kim Patten, "Geoscience Information Network (USGIN): Solutions for Interoperable Open Data Access Requirements," [poster] American Geophysical Union Fall Meeting, San Francisco, CA, December 17, 2014

Lee Allison & Robert Gurney, "Townhall: E-infrastructure and Data Management for Global Change Research," American Geophysical Union Fall Meeting, San Francisco, CA, December 17, 2014

Lee Allison, Rachael Black, and Anna Katz, "Townhall: EarthCube: Community Governed Cyberinfrastructure for the Geosciences," American Geophysical Union Fall Meeting, San Francisco, CA, December 17, 2014

Kim Patten and Lee Allison (presenter) "EarthCube: A Community Organization for Geoscience Cyberinfrastructure," [poster] American Geophysical Union Fall Meeting, San Francisco, CA, December 18, 2014

TOWN HALL: TH33C - EarthCube: Community Governed Cyberinfrastructure for the Geosciences, Wednesday, December 17, 2014: 12:30 PM - 01:30 PM (Convener: Lee Allison)
