

Resolution to Express Support for the Arizona Geological Survey

WHEREAS, the Arizona Geological Survey, established in 1883, is a valuable and productive member of the Association of American State Geologists, and;

WHEREAS, the Arizona Geological Survey has a long and distinguished record of important contributions to the understanding of Geoscience for both Arizona and the Nation, and;

WHEREAS, under the direction of State Geologist Lee Allison the Arizona Geological Survey has generated funding for the State of Arizona;

NOW, THEREFORE BE IT RESOLVED: in official action on June 15, 2016 in Girdwood, Alaska, the Members, Honorary Members, and Associates of the Association express their support for the Arizona Geological Survey to continue as a valued asset to the State of Arizona as a contributor to the state's economic growth and the continued understanding of the state's energy, mineral and water resources.
